

“Slow Down for Your Home Town”

Welcome to the Town of Mount Airy, the heart of the four-county community! We are excited to have you as part of our small-town family.

As you make your way through your new neighborhoods and surrounding communities, and to our historic Main Street, please remember to drive safely, and slow down! In addition to saving your stress levels, driving slower can reduce many other complications as well — the headache of accidents and speeding tickets, for one, going to the gas station too often.

In our 2020 Community Survey, town residents cited small-town atmosphere, sense of safety, place to raise a family, and quiet community as the most liked and valued attributes of living in Mount Airy.

We care about you! Driver and pedestrian safety are very important for the safety of you and your families and helps to maintain these cherished small-town values. So please drive safely and within the posted speed limits for the safety of you and your Mount Airy family.
